AT URBANA-CHAMPAIGN

FOR THE PERIOD

July 1, 1973 to June 30, 1975

LETTER OF TRANSMITTAL

To the Honorable Arthur Link
Governor of North Dakota
Bismarck, North Dakota

Sir:

In compliance with the laws of this state, I herewith submit the Fifty-Sixth Report of the State Fire Marshal's Office, covering the period beginning July 1, 1973 and ending June 30, 1975.

Respectfully submitted,

Vance Arneson

Vance Arneson
State Fire Marshal

Bismarck, North Dakota

FOREWORD

This is the Fifty-~~Sixth~~ 7th report of the State Fire Marshal's Office of the State of North Dakota, and is a biennual report as required by North Dakota Century Code 54-06-04.

Our biennual report shows ~~28~~ 51 deaths during the biennium, ~~which is way below our average of fire deaths in the past 50 years~~.

The number of fire reports is up as we now have more fire departments and are getting better reporting service, both from the fire departments and the insurance companies. This report also shows a slight increase in the dollar losses, about the amount of inflation we have been experiencing in the last two years.

All inspections required by statute for hospitals, nursing homes, boarding care homes, foster and child care homes and jails have been made on an annual basis. We have reviewed 209 plans and specifications for hospitals, nursing homes, and like institutions. ~~This is a tremendous increase as there has been a large amount of construction in the last biennium, which is expected to continue~~. We have again signed a contract to enforce NFPA No. 101, Life Safety Code, to inspect nursing homes, hospitals and related care homes under these standards and the Federal Government is paying their share of these costs.

There is an increase in fraud fires nationwide. There is also an increase in vandalism type fires among juveniles, especially in vacant buildings and hay and straw stack fires. Many juveniles have been apprehended and prosecuted.

Since our last report we have issued 17 fireworks licenses and turned over $4,250.00 to the State General Fund. A tightening of the Federal Fireworks laws has reduced the market for fireworks nationwide and ~~we expect a total ban~~ on fireworks in 1976 by the Federal Government. This ban is supported by the Fire Marshal's Office and the North Dakota Firemen's Association.

The personnel of the Fire Marshal's Office are continuing going to schools and teaching classes on fire investigation and fire prevention.

I would like to thank the Attorney General and the Governor for granting us permission to travel and study in the continuing program of education.

One of the needs of this department is for a larger appropriation so we may have additional man power and purchase fire prevention material to be distributed to the fire departments. Many of our smaller departments are having financial difficulty and trouble maintaining 15 firemen on their roster as required. Small departments are forming fire districts, this requires an additional work load on the Fire Marshal's Office. At present we have 127 fire districts and approximately 20 more are contemplating converting to fire districts, shich are on a tax base.

At this time we would like to thank all of the firemen and organizations for their active cooperation with the Fire Marshal's Office during the past biennium and especially the North Dakota Fire Chief's Association who are continuing their scholarship program. The North Dakota State Laboratory has in the past done excellent lab analysis for us for which we are grateful.
